

Creating and Applying Bias Binding

Creating Bias Binding:

Using binding strips (A) cut as specified on pattern diagrams, fold in half lengthwise (B), and press. Open the fold (C), fold each of the sides towards the the center fold and press (E). Refold in half and press (F). Note: You may also consider purchasing a bias tape maker, available at a fabric store or online. Follow the manufacturer's instructions.

Joining Binding Strips :

To join multiple strips; open the folds and trim the ends to a 45 degree angle (G). With right sides together, pin the two strips together, offsetting the edges 1/4" (H). Stitch using a 1/4" seam. Press the seam open. Open the seam and press (I). Re-fold in half and press. (J).
