

Fairfield has built consumer loyalty over the decades by delivering consistent, quality products at good value – all with an unconditional guarantee.

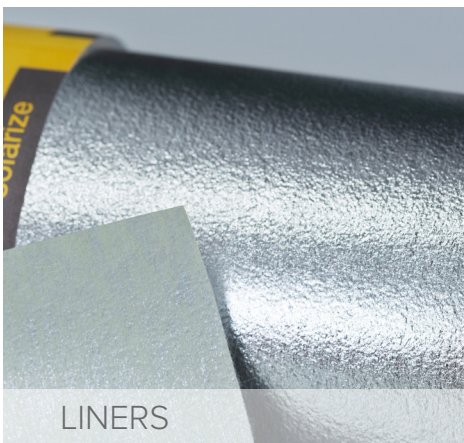

*at the heart  
of your project™*

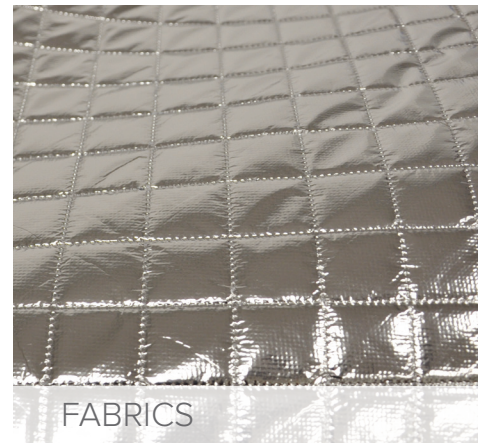

By staying in touch with our consumer interests and the current market trends, we make sure that we are in tune with what our customers need and desire.

We draw upon innovations in material processing to introduce new products and continue to produce those you have loved for over 75 years.

# Fairfield Fiberfills

## The Original **Poly-fil®**

A unique process explodes the special blend of 100% polyester fibers creating an extraordinary resilience that maintains its integrity through countless launderings. Use for all types of craft and home décor projects. Superior resiliency, smooth consistency, will not bunch.

PF-1	1oz. bag	PF20B	20 oz. bag	PF-5	5lb. box
PF12A	12oz. bag	PF-32	32 oz. bag	PF-10	10 lb. box
PF16B	16oz bag	PF50B	50 oz. Bag	PF-25	25 lb box

## New! **Poly-fil® RoyalSilk™**

Royal Silk™ luxuriously soft fiberfill is made from a blend of polyester fibers that create a silky, down-like texture. Use in pillows, plush animals and when you want luxurious softness.

PFRS12 12 oz. bag

## **Poly-fil® Ultra Plush**

Ultra Plush® is made from a blend of siliconized polyester fibers that create a silky, down-like texture. Use in plush animals, pillows and crafts when you want to create a soft huggable look and texture.

SF-1	1 oz. bag	UPF40	40 oz. bag
SF8S	8 oz. bag	UPF5	5 lb. box
SF12B	12 oz bag	SF-25	25 lb. box

**Poly-fil®**  
**CRAFTER'S**  
*Choice®*

Crafter's Choice® “Dry” polyester fiberfill is the perfect choice for stuffing collectible-style dolls and bears. This polyester fiberfill has a coarse texture that packs firmly, allowing you to stuff it into small spaces with a stuffing tool without the fiber “popping” out of place.

CCDF10 10 oz. bag

CCDF20 20 oz. bag

**NATURE-FIL™**  
**Bamboo**

A resilient blend of 50% rayon fiber made from bamboo and 50% premium polyester fiber that has a soft, silky texture. Ideal for all types of craft projects. Packs smoothly without bunching.

NFF12 12 oz. bag

**NATURE-FIL™** Corn

This environmentally friendly, all natural PLA fiberfill made from corn sugar has a texture similar to polyester fiberfill with superior resiliency. PLA fiberfill is hypoallergenic and great for all craft projects.

NF12 12 oz. bag

# Fairfield Interfacings + Linings

## stick | A-FS06 40 yard roll

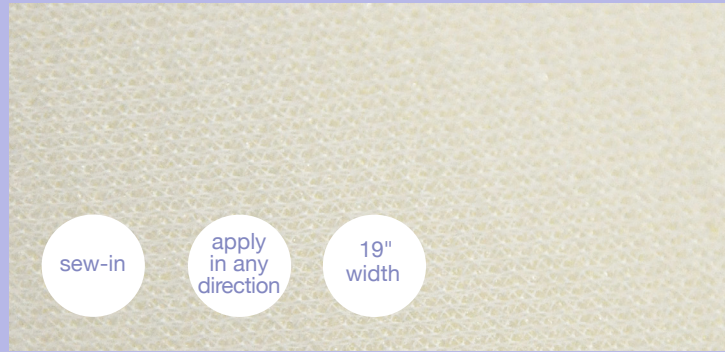

Double-sided fusible web

Stick works like glue. Fuse to stick fabric to another piece of fabric or to a porous surface such as wood or cardboard.

## support | A-FS12 8 yard roll

Soft foam stabilizer

Support fabric while keeping projects soft and supple. Quilt if you choose. This foam stabilizer provides protection and body in bags, totes and craft projects.

## soften | A-FS02 20 yard roll

Fusible softening liner

Soften makes stiff fabric soft, supple and more pliable. It creates a soft surface covering embroidery and adding comfort to garments.

## smooth | white A-FS01 6 yard roll

Low-loft fusible fleece

Wrap around home projects to make a smooth and even surface, hiding stitch marks, rough edges or mistakes. Also can be used as batting.

## stabilize | A-FS03 20 yard roll

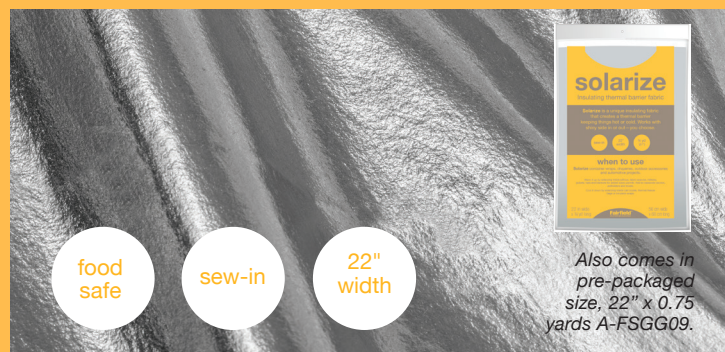

Lightweight fusible interfacing & stabilizer

Stabilize fabrics to make a stronger base for appliqué and embroidery. Also adds integrity to lightweight fabrics.

## solarize | A-FS09 20 yard roll A-FSB09 10 yard bolt

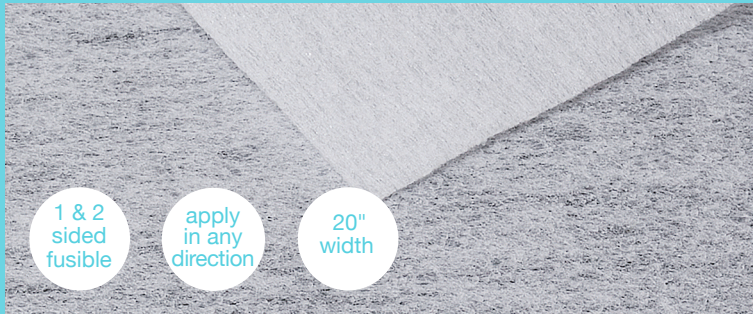

Insulating thermal barrier fabric

Solarize is a unique fusible fabric that creates a thermal barrier keeping things hot or cold. Keep the shiny side exposed to help conduct heat or reflect light.

**structure + structure 2** | A-FS07 20 yard roll  
| A-FSB07 20 yard bolt  
| A-FS08 20 yard roll

Medium weight fusible interfacings

- 1 & 2 sided fusible
- apply in any direction
- 20" width

Fuse **structure** to soft fabrics to add body, shape and strength. **Structure 2** is double-sided fusible.

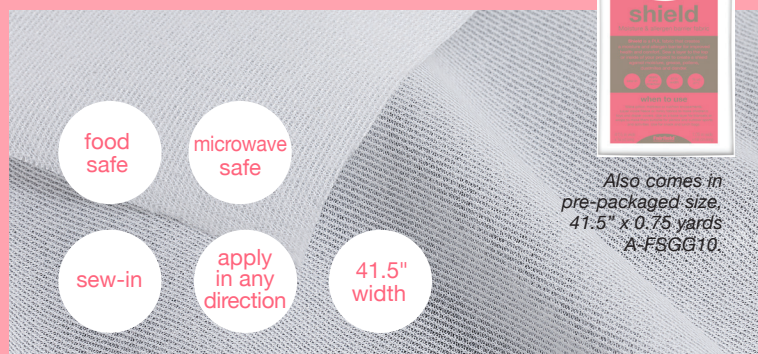

**stiffen + stiffen 2** | A-FS04 10 yard roll  
| A-FS05 10 yard roll

- 1 & 2 sided fusible
- apply in any direction
- 20" width

This extremely stiff material bonds to other fabrics creating a rigid material similar to cardboard. **Stiffen 2** is double-sided fusible.

**shield** | A-FS10 12 yard roll  
| A-FSB10 12 yard bolt

- food safe
- microwave safe
- sew-in
- apply in any direction
- 41.5" width

Also comes in pre-packaged size, 41.5" x 0.75 yards A-FSGG10.

**Shield** creates a moisture and allergen layer for improved comfort. Sew a layer to the top or inside of your project to create a shield against wetness, pollens, dustmites and dander. Use for snack and lunch bags.

Double-sided, custom designed, solid-wood construction display for our unique interfacing and lining rolls. Features unique slots—simply remove rolls for cutting and return to inventory when done. This free-standing fixture is on casters for easy mobility and measures 25" x 18".

*That's a mere 3 square feet of floor space!*

Display comes unassembled in one carton. Includes assembly instructions, sign, casters, merchandising hooks and information sheets to share with your customers.

## CRAFTER'S Choice®

With a durable 100% polypropylene cover and 100% polyester fiberfill interior. They have a medium firmness and a flatter appearance. Perfect for crafters and needlework.

CPW1216	CP-12	CP14S	CPW16	CPW18	CPW20	CP-24	CP1638

## Weather Soft™

Unique water-resistant shell fabric prevents water or other liquids from penetrating into the fill. Great for outdoors and accident-prone areas.

WP1218S	WP16S	WP18S

**Poly-fil®**

**Mini sized**  
Micro Bead Filler

Poly-Fil® Micro Beads are used in some of the most popular decorative pillows on the market today. Use them to create your own pillows and stuffed animals. This fill performs best when combined with stretchy polyester fabrics to create ultra-squishy pillows and crafts.

1 bag fills 0.5 cubic foot  
1 cubic foot = 2.5 lbs.

**PFMB**

**Poly-fil®**

**Classic**  
Bean Bag Filler

Virgin-expanded polystyrene beads are the ultimate fill for bean bag chairs and decorative pillows. These resilient beads will far outlast recycled bead fillers.

1 bag fills 2 cubic feet  
1 cubic foot = 1.25 lbs

**PFBB**

**Poly-fil®**

**Biggie**  
Bean Bag Filler

Virgin-expanded polystyrene beads are the ultimate fill for beanbag chairs and decorative pillows. These resilient beads will far outlast recycled bead fillers.

1 bag fills 2 cubic feet  
1 cubic foot = 0.5 lbs.

**PFBBL**

## POLY-PELLETS®

A 100% polypropylene weighted stuffing material that adds the flexibility necessary to shape soft crafts into lifelike positions. All pellets have a smooth edge with an oval contour to create a uniform fill. Poly-Pellets® are ideal for therapeutic sensory items like weighted blankets, vests and stuffed toys, used to treat sensory processing disorder (SPD) and symptoms of autism.

**PP2B** two pound bag      **PP10** ten pound box  
Also available in a 25 lb box (not pictured) **PP-25**

## FOAMOLOGY<sup>®</sup> CUSHION FOAM

Support  Padding  Comfort  Soft

This polyurethane upholstery foam is intended for home-style projects where high density material and support are important. Available in two weights, **Soft Support** and **Extra Support**, all Cushion Foam styles hold their shape and provide superior support for seating. Cushion Foam contains bio-based materials, so you can take comfort that this product has been created with the environment in mind.

Introducing Oly\*Fun – “The everything material” This is one of the easiest, most versatile materials you will ever find. You can sew it, glue it, staple it, pin it or tie it. You can write on it, paint it, embellish it, stamp it or stencil it. You can scissor, rotary, or die cut it. The only thing it won’t do is fray, tear, or fade so don’t bother hemming it.

Use both the front and back - no white core or back side. Easy sew, no hemming required. Ideal for a wide variety of indoor and temporary outdoor uses.

## Bolts

Oly\*Fun bolts are great value. A “must have” for the busy sewing or craft room. Perfect for large projects such as holiday & event decorating, costumes, outdoor décor, wall art, children’s projects and more. Durable enough to reuse. Economical enough to be disposable.

Size: 60 in wide x 10 yds (1.52 m wide x 9.1 m)

## Craft Packs

Oly\*Fun Craft Packs are perfect for general crafting, kids’ projects, and more. Their convenient size makes it easy to have a variety of colors on hand at all times.

Size: 20 in wide x 3 yds  
(0.51 m wide x 2.74 m)

## Craft Sheets

Oly\*Fun 12” x 12” craft sheets make a good backer for school projects, kids crafts and party decorations. Sold as individual colors with three sheets to a pack, and multicolor, six sheets assortments.
