

## Dyeing Suggestions for The Tulip® Chunky Cotton Yarn

Materials:  
Blue Dye  
Chunky Cotton Yarn  
Zip-Lock Bag  
Water

Step 1  
Remove the paper wrapping and untwist yarn leaving the loop tie. Place in the zip-lock bag.

Step 2  
Follow the package instruction to prepare the blue dye.

Step 3  
Pour dye over the yarn in the bag. Add extra water (1/2 cup) to completely cover the yarn. Massage dye around yarn to ensure coverage. Press air out of bag, close bag and let rest 6 to 8 hours.

Step 4  
Open bag and remove yarn. Rinse yarn under cool water to remove excess dye. Rolling yarn in paper towels a few times to pull out moisture. Let yarn air dry.

*This is a very tidy way to dye items at home. Keep dye bag with yarn in the sink (stainless steel) until yarn is completely dyed and rinsed to avoid unwanted splashes and spills.*
